James L. Kunstman, Ph.D.
VP, Regulatory Services
PBI/Gordon Corporation
P. O. Box 014090
Kansas City, MO 64101

Subject: Label Amendment – Delete Oral First Aid Statement, Update Environmental Hazards, Corrections, New Applicator Directions, and Ad Claims
Product Name: EH-1462 Herbicide
EPA Registration Number: 2217-917
Application Date: December 14, 2015
Decision Number: 512646

Dear Dr. Kunstman:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

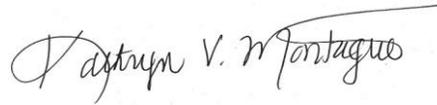

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Page 2 of 2
EPA Reg. No. 2217-917
Decision No. 512646

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Terri Stowe by phone at (703) 305-6117, or via email at stowe.terri@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Kathryn V. Montague". The signature is written in a cursive style with a long horizontal flourish extending to the right.

Kathryn V. Montague

EH-1462 HERBICIDE

EPA Reg. No. 2217-917

ACTIVE INGREDIENT:

MCPA, dimethylamine salt	0.257%
Quinclorac	0.118%
Dicamba, dimethylamine salt	0.029%
Sulfentrazone	0.015%
INERT INGREDIENTS:	<u>99.581%</u>
TOTAL	100.000%

THIS PRODUCT CONTAINS:

- 0.018 lb 2-methyl-4-chlorophenoxyacetic acid equivalent per gallon or 0.210%
- 0.010 lb 3,7-dichloro-8-quinolinecarboxylic acid per gallon or 0.118%
- 0.002 lb 3,6-dichloro-o-anisic acid equivalent per gallon or 0.024%
- 0.001 lb N-[2,4-dichloro-5-[4-(difluoromethyl)-4,5-dihydro-3-methyl-5-oxo-1H-1,2,4-triazol-1-yl]phenyl]methanesulfonamide per gallon or 0.015%

[NOTE: If the design, format, or small size of the container labels makes it impractical to present the entire ingredient statement on the front panel, then we ask to add a referral statement and present the substatement on the back panel: See back panel for substatement of ingredient statement.]

KEEP OUT OF REACH OF CHILDREN

CAUTION

STOP! READ THE ENTIRE LABEL FIRST. OBSERVE ALL PRECAUTIONS AND FOLLOW DIRECTIONS CAREFULLY.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

First Aid	
If in eyes:	<ul style="list-style-type: none">Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.Call a poison control center for treatment advice.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-877-800-5556 for emergency medical treatment advice.	

Environmental Hazards

This product is toxic to fish, aquatic invertebrates, and aquatic plants. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Drift or runoff may be hazardous to aquatic organisms in water and to plants adjacent to treated areas. Do not contaminate water when disposing of equipment wash waters or rinsate. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters.

Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

SUBLABEL 1

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

RESTRICTIONS:

- Do not apply this product in a way that will contact any person or pet, either directly or through drift.
- Do not allow people or pets to enter treated area until spray has dried.

PRECAUTIONS

- EH-1462 Herbicide is a ready-to-use (RTU) product intended for “spot” treatment of individual broadleaf and grass weeds by homeowners on residential lawns.
- This product may be applied to lawns containing the following species of grass: Kentucky bluegrass, perennial ryegrass, fescue species (including tall, red, and fine leaf varieties), bermudagrass¹, buffalograss and zoysiagrass.

¹ Application to bermudagrass may cause temporary yellowing or discoloration but full recovery can be expected. Do not apply to bermudagrass when daytime temperatures exceed 85° F.

- EH-1462 Herbicide should **not** be used on lawns containing bentgrass, St Augustinegrass, bahiagrass, centipedegrass, or carpetgrass.
- Do **not** use on dichondra or lawns with desirable clovers or legumes, on vegetable gardens, fruits, or ornamentals (flowers, trees, groundcovers, hedges, landscape/flower beds and shrubs)

[options for different size containers]

- This 32 fl.oz. (1.0 quart) retail container size treats approximately 250 weeds or up to 250 sq.ft.
- This 128 fl.oz. (1.0 gallon) retail container size treats approximately 1,000 weeds or up to 1,000 sq.ft.
- This 1.3 gallon retail container size treats approximately 1,300 weeds or up to 1,300 sq.ft.

WEEDS CONTROLLED:

EH-1462 Herbicide will control or suppress the following broadleaf and grass weeds. Partial weed lists are presented below:

Broadleaf Weeds			
Bedstraw	Ground ivy	Morningglory	Redweed
Black medic	Healall	Old world diamond flower	Sheep sorrel
Buckhorn	Henbit	Peppergrass	Shepherdspurse
Burdock	Innocence (Blue-eyed Mary)	Pigweed	Speedwell
Chicory		Plantain	Spurge
Chickweed	Knotweed	Poison ivy	Wild carrot
Clover	Lambsquarters	Poison oak	Wild garlic
Corn speedwell	Lawn burweed	Purple cudweed	Wild lettuce
Dandelion	Lespedeza	Purslane	Wild onion
Dock	Mallow	Ragweed	Yarrow

Grassy Weeds			
Crabgrass (large and smooth)	Foxtail (green, giant and yellow)	Yellow nutsedge	

[Note to Reviewer: The following section was copied from existing text in Sublabel 2.]

WHEN TO USE

Apply this product to actively-growing weeds during the early growth stages for the best results. Two or more applications at 14 day intervals throughout the season may be required for grass weeds. Apply when daytime temperatures are between 45° and 90° F.

[Optional additional text for more specific timing]

SPRING AND EARLY SUMMER:

- Crabgrass (large and smooth): Apply this product from crabgrass emergence until the 6 leaf stage (2 tillers) or when the crabgrass is 3 to 4 inches tall. This period begins the first time that you can see crabgrass in your lawn. Use two applications with a 14-day interval between applications.
- Foxtail (green, giant and yellow): Apply this product to foxtail during the early growth stages or when the foxtail is 1 to 4 inches tall. Use two applications with a 14-day interval between applications.
- Yellow nutsedge: Two applications are required when the yellow nutsedge plants are 3 to 6 inches tall. Do not apply the second application until 14 days after the first application.
- Dandelion, plantain, buttercup, speedwell, knotweed, pennywort (dollarweed) and other broadleaf weeds: Apply when broadleaf weeds are young and actively growing with adequate soil moisture.

FALL:

- Henbit, chickweed, white clover, ground ivy, lawn burweed, pearlwort, Carolina geranium and other broadleaf weeds: Apply when broadleaf weeds are young and actively growing with adequate soil moisture for best results.

[Applicator Option 1]

HAND SPRAYER PRODUCT

(Directions & Storage and Disposal)

1. Shake well.
2. Connect trigger sprayer. Unscrew and discard the white cap on the bottle. Insert the hose into the bottle and tighten the cap securely.
3. Prime Sprayer: Turn the sprayer nozzle one-half turn counter-clockwise. Hold the sprayer lower than the bottle and squeeze the trigger several times until it sprays. Adjust the nozzle to coarse spray pattern to minimize wind drift. (graphic)
4. Spray just enough [EH-1462 Herbicide] [product] to lightly cover [broadleaf and grass] weeds. **Excessive spraying can injure some lawns.** Do not apply when daytime temperatures are above 90° F as lawn injury can occur. (graphic) Spray only the weeds, not the entire lawn.
5. Weeds will begin wilting and browning overnight.

USE TIPS

- Some hard-to-kill weeds may require re-treatment. Wait at least 3 weeks between applications -- some weeds can take that long to die.
- Rainproof [Rain fast] – rain or watering 3 hours or longer after application will not wash away effectiveness. Do not apply if rain is expected to occur within 3 hours after application.
- Do not allow spray to drift onto desirable plants since injury may result.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Turn the nozzle to "OFF" position and store with sprayer above the level of liquid in container to prevent leakage. Store in original container in an area inaccessible to children and pets.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or www.website.com for disposal instructions. Never place unused product

down any indoor or outdoor drain.

[Applicator Option 2]

TRIGGER SPRAYER PRODUCT

(Directions & Storage and Disposal)

1. Shake well.
2. Adjust nozzle to coarse spray pattern to minimize wind drift. (graphic)
3. Spray just enough [EH-1462 Herbicide] [product] to lightly cover [grass and broadleaf] weeds.
Excessive spraying can injure some lawns. Do not apply when daytime temperatures are above 90°F as lawn injury can occur. (graphic) Spray only the weeds, not the entire lawn.
4. Weeds will begin wilting and browning overnight.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Turn the nozzle to "OFF" position and store with sprayer above the level of liquid in container to prevent leakage. Store in original container in an area inaccessible to children and pets.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or www.website.com for disposal instructions. Never place unused product down any indoor or outdoor drain.

USE TIPS

- Some hard-to-kill weeds may require re-treatment. Wait at least 3 weeks between applications — some weeds can take that long to die.
- Rainproof [Rain fast] – rain or watering 3 hours or longer after application will not wash away effectiveness. Do not apply if rain is expected within 3 hours after application.
- Do not allow spray to drift onto desirable plants since injury may result.

[Applicator Option 3]

QUICK CONNECT SPRAYER [insert graphics]

1. Remove sprayer. Pull cord/tubing **ALL THE WAY OUT.**
2. Insert [insert color] plug into [spout/knob/opening] on cap until it clicks.
3. Flip up spout. **Alternative Text:** [Flip up [insert color] spout until fully upright.] [Twist [spout/knob] to ON.] [Pull spout up.] [Open/Adjust] nozzle [at end of sprayer] to the desired spray setting [(foam or spray)].

[Applicator Option 4]

PUMP 'N GO [2] [insert graphics]

Instructions for Printing on the Wand and Handle:

Wand: STORAGE POSITION Push button and pull nozzle end. Extend to spray position. [insert arrow graphic] SPRAY POSITION

Handle: [insert arrow graphic] RELEASE PRESSURE AFTER USE. Push handle to cap & turn. RETIGHTEN.

1. **CUT** [insert graphics]

Carefully cut the [insert number/two] [insert color/white] zip ties securing the hose and pump handle with scissors. Use caution not to cut the [insert color/white] hose.

2. CONNECT [insert graphics]

Unwind hose. Firmly push the connector at the end of the hose onto the spout on the pump, until it locks into place.

3. EXTEND WAND [insert graphics]

Lift sprayer wand off bottle. Push [insert color/yellow] button while pulling out on the wand nozzle tip. Fully extend wand until [insert color/yellow] button snaps into SPRAY POSITION. **NOTE:** [insert color/white] trigger will not function until wand is fully extended and [insert color/yellow] button is visible in the SPRAY POSITION.

4. PUMP [insert graphics]

Make sure handle is screwed on **tightly** or the bottle will not pressurize. Pump container [insert number of pumps to prime/X to Y] times to pressurize bottle. A full bottle requires fewer pumps than an empty bottle. Pumping to the higher range will provide longer spray duration. After pumping, push pump down and turn handle clockwise to lock into carrying position. **NOTE:** This bottle is designed to expand under pressure and cannot be over-pressurized.

5. SPRAY [insert graphics]

Aim wand. Spray by pushing down [insert color/white] trigger with thumb. Adjust spray pattern by rotating [insert color/white] nozzle tip up to one-half rotation. Spray weeds [and grasses] until **thoroughly wet**.

6. STORE [insert graphics]

When finished spraying, push the [insert color/yellow] button and [retract/push] the wand until the [insert color/yellow] button snaps back into the original storage position. Place wand back onto [the top of] the bottle [in the integrated holster] with nozzle [facing down/tip extended through the eyelet opening].

7. DEPRESSURIZE [insert graphics]

Push pump handle all the way down and turn pump handle and cap counter-clockwise to relieve pressure, then retighten to store.

[Applicator Option 5]

BATTERY OPERATED SPRAYER with Wand [insert graphics]

Wand Safety Sticker or Printed on the Handle: Always lock after use. **Alternative Text:** [Always lock sprayer when opening and closing] [insert icons]

[insert illustration or photo]

1. Remove [insert graphics]

- Remove [wand/insert applicator name] [from] [side/carrier/holder/clip/bottle].
- Pull connector by slightly twisting from [side/carrier/holder/clip/bottle] and unwrap hose completely.
- Remove protective strip from battery compartment to activate batteries.

2. Connect [insert graphics]

- Insert [insert color] plug at end of hose into [insert color] [spout/knob/opening] on cap until it clicks. Flip up spout. **Alternative Text:** [Flip up [Insert Color] spout until fully upright.] [Twist [spout/ knob] to ON.] [Pull spout up.] [Spout must remain up while spraying.]

3. Extend [insert graphics]

- Flip open [wand/insert applicator name] until it clicks and locks into position.

4. Spray [insert graphics]

- Slide trigger lock on [wand/insert applicator name] handle to the unlocked position.
- Twist nozzle to desired spray pattern.
- Point [insert applicator name] nozzle away from body and hold [insert color] trigger for continuous spray.

Important Use Information: Do not submerge in water. When storing sprayer for long periods, remove batteries.

To Replace Batteries: Open battery compartment at bottom of [wand/insert applicator name] with a small screwdriver [illustration]. [insert graphics]

Remove used batteries and replace with [insert number] new [AA/alkaline] batteries [in correct position as marked inside battery compartment] [or per illustration]. [insert graphics]

Securely close battery compartment door and screw closed firmly. Always use a complete set of the same type when replacing batteries. Best performance is achieved with alkaline batteries. Never mix alkaline, carbon-zinc or rechargeable batteries. Dispose of used batteries according to manufacturer's instructions or in household trash.

[Applicator Option 6]

BATTERY OPERATED SPRAYER with Extendable Wand [insert graphics]

Wand Safety Sticker or Printed on the Handle: Always lock after use. **Alternative Text:** [Always lock sprayer when opening and closing] [insert icons]
[insert illustration or photo]

1. Remove [insert graphics]

- Remove [wand/insert applicator name] [from] [side/carrier/holder/clip/bottle].
- [Pull connector by slightly twisting from [side/carrier/holder/clip/bottle] and unwrap hose completely.]
- Remove protective strip from battery compartment to activate batteries.

2. Connect [insert graphics]

- Insert [insert color] plug at end of hose into [insert color] [spout/knob/opening] on cap until it clicks. Flip up spout. **Alternative Text:** [Flip up [insert color] spout until fully upright.] [Twist [spout/ knob] to ON.] [Pull spout up.] [Spout must remain up while spraying.]
- [Remove [protective] [cone/ dome/guard/shield] [from side clip/from bottle] and attach over nozzle [for targeted application].]

3. Extend [insert graphics]

- Flip open [wand/insert applicator name] until it clicks and locks into position.
- [Extend [wand/fully]].

4. Spray [insert graphics]

- Slide trigger lock on [wand/insert applicator name] handle to the unlocked position.
- Twist nozzle to desired spray pattern.
- Point [insert applicator name] nozzle away from body and hold [insert color] trigger for continuous spray.

Important Use Information: Do not submerge in water. When storing sprayer for long periods, remove batteries.

To Replace Batteries: Open battery compartment at bottom of [wand/insert applicator name] with a small screwdriver [insert illustration].

Remove used batteries and replace with [insert number] new [AA/alkaline] batteries [in correct position as marked inside battery compartment] [or per illustration]. [insert graphics]

Securely close battery compartment door and screw closed firmly. Always use a complete set of the same type when replacing batteries. Best performance is achieved with alkaline batteries. Never mix alkaline, carbon-zinc or rechargeable batteries. Dispose of used batteries according to manufacturer's instructions or in household trash.

[Optional Sections for Battery Operated Sprayers Only]

IMPORTANT SPRAYER INFORMATION

- Read and follow all directions before use.
- [insert applicator name] is to be used only with Roundup brand products with a quick-connect cap.
- [insert applicator name] may not be compatible with other products.
- Do not drop or throw sprayer.
- Do not [submerge/immerse] sprayer in water. Never place sprayer in dishwasher.
- Do not use soap or other cleaning agents to clean sprayer. If necessary, clean outer sprayer surface only with damp towel.
- Insert batteries in their correct (+/-) position. Remove batteries for winter storage or when storing product for long periods of time.
- Always use a complete set of new alkaline batteries. Never mix alkaline, carbon-zinc, or rechargeable batteries.
- Always follow the manufacturer's instructions for battery disposal and use.
- Purge [insert applicator name] of liquid for winter storage or place [wand/insert applicator name] in a heated storage area.

TROUBLESHOOTING SECTION FOR BATTERY OPERATED SPRAYER

[Troubleshooting Section for [Battery Powered/Comfort Wand/One-Touch Wand/Extendable Wand/Sure Shot Wand/Insert Applicator Name] Directions]

Troubleshooting Tips:

Problem: Sprayer does not [spray/function].

Possible Cause: Batteries not installed properly.

Solution: See instructions for correct battery placement.

Problem: Sprayer makes a straining noise. [Sprayer runs but no product comes out].

Possible Cause: Nozzle is turned Off.

Solution: Twist nozzle to desired spray pattern.

Possible Cause: [insert color] plug at end of hose is not [flipped up/open].

Solution: Insert [insert color] plug at end of hose into [insert color] [spout/knob/opening] on cap until it clicks and [flip up spout.] [flip up [insert color] spout until fully upright.] [twist [spout/knob] to ON.] [pull spout up.]

Possible Cause: Sprayer is not primed.

Solution: Press and hold button on sprayer for about [10/15/20/30] seconds to prime the sprayer.

Problem: Spray pattern is weak [or uneven]. [Product flow is uneven or dribbles out of nozzle.]

Possible Cause: Weak batteries.

Solution: Install a fresh set of alkaline batteries.

Possible Cause: [insert color] plug at end of hose is not in the fully upright position.

Solution: Insert [insert color] plug at end of hose into [insert color] [spout/knob/opening] on cap until it clicks. [Attach coupler to the cap] and [flip up spout.] [flip up [insert color] spout until fully upright.] [twist [spout/knob] to ON.] [pull spout up.]

Possible Cause: Nozzle not fully open.

Solution: Twist nozzle to desired spray pattern.

[Optional Sections for Refill and Refillable Containers Only]

Refill Container

Use this product to refill the empty [insert brand name for 2217-917] container by pouring product carefully and directly into the container. DO NOT add water.

HOW TO REFILL

For Ready-To-Use Containers with Applicators Intended to be Reused/Refilled

To refill this empty container, pour product carefully and directly from the [insert brand name] container designated as the ready-to-use refill container. DO NOT add water.

For Ready-To-Use Refill Containers

Do not reuse or refill this container. Use this product to refill the empty [insert brand name/insert packaging type] container by pouring product carefully and directly into the container. DO NOT add water.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE:

[Only for battery operated sprayer containers:] Flip spout down. **Alternative Text:** [Close [insert color] spout on cap.] [Twist [spout/knob] to OFF.] [Push spout down]. **NO NEED TO DISCONNECT SPRAYER HOSE FROM CAP.** Twist sprayer nozzle to the OFF position. [Engage trigger lock.] [Retract and] Flip the [wand/insert applicator name] closed and place in side [carrier/clip/holder]. Store product in original container in a safe place away from direct sunlight. Keep from freezing. If frozen, allow to thaw and shake well before using.

[Only for non-sprayer (refill) containers:] Store product in original container in a safe place away from direct sunlight. Keep from freezing. If frozen, allow to thaw and shake well before using.

[Only for quick connect sprayer containers:] Flip spout down. **Alternative Text:** [Close [Insert Color] spout on cap.] [Twist [spout/knob] to OFF.] [Push spout down]. **NO NEED TO DISCONNECT TRIGGER SPRAYER.** Close nozzle on trigger sprayer. Snap sprayer back in place. Store product in original container in a safe place away from direct sunlight. Keep from freezing. If frozen, allow to thaw and shake well before using.

[Only for Pump 'N Go [2] containers:] Push the [insert color/yellow] button and retract the wand until the [insert color/yellow] button snaps back into the original STORAGE POSITION. Place wand back onto [the top of] the bottle [in the integrated holster] with nozzle [facing down/tip extended through the eyelet opening]. Push pump handle all the way down and turn pump handle and cap counter-clockwise to relieve pressure, then retighten to store. Store product in original container in a safe place away from direct sunlight. Keep from freezing. If frozen, allow to thaw and shake well before using.

[Only for trigger sprayer containers:] Rotate nozzle to closed position. Store product in original container in a safe place away from direct sunlight. Keep from freezing. If frozen, allow to thaw and shake well before using.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:

[Only for containers with refill instructions:] Nonrefillable container. Do not reuse or refill this container unless the directions for use allow a different concentrated or ready-to-use product to be diluted in or poured directly into the container. Reuse or refill this container according to the directions contained in the **HOW TO REFILL** section. **If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency [or Insert Telephone Number] for disposal instructions. Never place unused product down any indoor or outdoor drain.

[Only for containers without refill instructions:] Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency [or Insert Telephone Number] for disposal instructions. Never place unused product down any indoor or outdoor drain.

LIMITED WARRANTY AND DISCLAIMER

FOR USE ONLY AS DIRECTED. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE MANUFACTURER NEITHER MAKES NOR INTENDS ANY EXPRESS OR IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WHICH ARE HEREBY EXPRESSLY DISCLAIMED. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, IN NO CASE SHALL THE MANUFACTURER BE LIABLE FOR INCIDENTAL, CONSEQUENTIAL, OR SPECIAL DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.

If these terms are not acceptable, return this product unopened immediately to the point of purchase, and the purchase price will be refunded in full. The terms of this Limited Warranty and Disclaimer cannot be varied by any written or verbal statements or agreements at the point of sale or elsewhere.

Alternate Warranties:

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

GUARANTEED RESULTS or your money back. If you are not satisfied with this product for any reason, send your written request for a refund to the address below, together with the original dated store receipt showing the price you paid. Please allow 6 to 8 weeks for processing.

If for any reason you are not satisfied after using this product, simply send us original proof of purchase and we will refund the purchase price.

Questions or comments? Call toll free 1-800-xxx-xxxx.

[telephone number, address, website information for supplemental registrant or distributor].

SUBLABEL 2

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

RESTRICTIONS:

- Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.
- Do not allow people or pets to enter the treated area until sprays have dried.

WHERE TO USE:

On Lawns: This product is intended for use by homeowners as a spot treatment on lawns. This product should be applied only to the following species of turfgrass:

Cool season turfgrass	Warm season turfgrass
Kentucky bluegrass Perennial ryegrass Fescue spp., including tall, red and fine leaf fescues	Bermudagrass ¹ Buffalograss Zoysiagrass
¹ Application to bermudagrass may cause temporary yellowing or discoloration but full recovery can be expected. Do not apply to bermudagrass when daytime temperatures exceed 85° F.	

DO NOT use EH-1462 Herbicide for the following:

Cool season turfgrass	Warm season turfgrass	Other areas
Bentgrass, creeping Bentgrass, 'Seaside' Bentgrass, colonial	St. Augustinegrass Bahia grass Centipedegrass Carpetgrass Seashore paspalum	Lawns with desirable clovers or legumes Dichondra Vegetable gardens or fruits (food crops) Ornamentals (flowers, trees, groundcovers, hedges, landscape/flower beds and shrubs)

WHEN TO USE

Apply this product to actively-growing weeds during the early growth stages for the best results. Two or more applications at 14 day intervals throughout the season may be required for grass weeds. Apply when daytime temperatures are between 45° and 90° F.

SPRING AND EARLY SUMMER:

- **Crabgrass (large and smooth):** Apply this product from crabgrass emergence until the 6 leaf stage (2 tillers) or when the crabgrass is 3 to 4 inches tall. This period begins the first time that you can see crabgrass in your lawn. Use two applications with a 14-day interval between applications.
- **Foxtail (green, giant and yellow):** Apply this product to foxtail during the early growth stages or when the foxtail is 1 to 4 inches tall. Use two applications with a 14-day interval between applications.
- **Yellow nutsedge:** Two applications are required when the yellow nutsedge plants are 3 to 6 inches tall. The second application should follow the first application 14 days later.
- **Dandelion, plantain, buttercup, speedwell, knotweed, pennywort (dollarweed) and other broadleaf weeds:** Apply when broadleaf weeds are young and actively growing with adequate soil moisture.

FALL:

- **Henbit, chickweed, white clover, ground ivy, lawn burweed, pearlwort, Carolina geranium and other broadleaf weeds:** Apply when broadleaf weeds are young and actively growing with adequate soil moisture for best results.

Note for weeds controlled: Supplemental registrants may select broadleaf weeds from the list presented in the appendix and may include additional species on the container labels for different geographic regions.

HOW TO USE:

Ready-To-Use: No mixing. No measuring. No fuss.

For Containers with Triggers Sprayers: EH-1462 Herbicide is ready-to-use and is applied directly from the container fitted with the trigger sprayer. Direct the spray to the target weeds to provide uniform coverage of the upper leaf surfaces. Usually, two (2) pumps of this trigger sprayer will provide adequate coverage of individual weeds. Excessive spraying can injure some lawns.

For Refill Containers: EH-1462 Herbicide is ready-to-use and is applied directly from the container. Remove the cap from the container and attach the trigger sprayer. Direct the spray to the target weeds to provide uniform coverage of the upper leaf surfaces. Excessive spraying can injure some lawns.

USE PRECAUTIONS:

- Avoid drift of spray mist onto vegetables, flowers, ornamental plants, shrubs, trees and other desirable plants.
- Avoid applications of this product when turfgrasses are under stress since injury may result

CULTURAL TIPS:

For newly seeded areas of Kentucky bluegrass, fine fescue blends and perennial ryegrass: Apply this product to newly seeded grasses when well-established (approximately 6 weeks after seedling emergence) or after the third mowing.

For newly sodded, sprigged, or plugged areas of bermudagrass and zoysiagrass: The application of this product to newly sodded, sprigged, or plugged grasses should be delayed until 3 to 4 weeks after the sodding, sprigging, or plugging operations.

Seeding: Turf species listed on this label can be seeded into the treated areas at four (4) weeks after the application of this product.

Mowing: Delay mowing 2 days before and until 2 days after the application of this product.

STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Store in original container in a locked storage area. Keep from freezing.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or www.website.com for disposal instructions. Never place unused product down any indoor or outdoor drain.

LIMITED WARRANTY AND DISCLAIMER

FOR USE ONLY AS DIRECTED. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE MANUFACTURER NEITHER MAKES NOR INTENDS ANY EXPRESS OR IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WHICH ARE HEREBY EXPRESSLY DISCLAIMED. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, IN NO CASE SHALL THE MANUFACTURER BE LIABLE FOR INCIDENTAL, CONSEQUENTIAL, OR SPECIAL DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.

If these terms are not acceptable, return this product unopened immediately to the point of purchase, and the purchase price will be refunded in full. The terms of this Limited Warranty and Disclaimer cannot be varied by any written or verbal statements or agreements at the point of sale or elsewhere.
